# 18. Safari Do's and Dont's

## Safari Do's

- **Listen to Your Guide:**

Your guide is trained for both your safety and wildlife protection. Always follow their instructions – especially in wildlife zones.

- **Respect the Wildlife:**

Observe animals quietly and from a distance. Use binoculars or zoom lenses rather than approaching too closely.

- **Stay Inside the Vehicle (Unless Told Otherwise):**

Animals see safari vehicles as harmless – stepping out can trigger unexpected reactions or danger.

- **Dress Appropriately:**

Wear neutral, earth-toned clothes (khaki, green, brown). Bright colors can scare animals; dark colors attract tsetse flies.

- **Be Patient:**

**The wild is unpredictable** – the most magical sightings often reward those who wait quietly and observe closely.

- **Carry Cash for Tips:**

Tipping your guide and lodge staff is customary. USD or Tanzanian Shillings are accepted.

- **Support Local Communities:**

Buy local crafts, visit cultural villages, and engage respectfully with local people – your visit makes a difference.

## **Safari Dont's**

- **Don't Make Loud Noises or Sudden Movements:**  
Shouting, standing up in the vehicle, or using loud music can disturb wildlife and other guests.
- **Don't Litter or Leave Anything Behind:**  
Keep nature pristine. Even biodegradable waste can harm animals.
- **Don't Feed Animals:**  
Feeding wildlife is dangerous and disrupts natural behaviors.
- **Don't Smoke in the Bush:**  
It's a fire risk and disruptive to the environment.
- **Don't Use Flash Photography:**  
Flash can startle animals – turn it off before photographing.

- Don't Wander Around Camps at Night Alone:  
Wildlife can wander into unfenced areas – always follow camp safety protocols.

## 19. What to Take on Safari

A beach holiday is the perfect opportunity to unwind, soak up the sun, and explore the coastlines of Tanzania. Whether you're lounging on the golden beaches of Zanzibar or exploring the shores of Lake Victoria, packing the right essentials can make all the difference. Here's our guide to what you should bring for the ultimate beach getaway.

## **Clothing & Footwear**

- Swimwear:**

Bring a couple of swimsuits or bikinis for lounging by the water, snorkeling, or enjoying boat trips.

- Light, Breathable Clothing:**

Pack lightweight, loose-fitting clothes such as sundresses, shorts, tank tops, and cover-ups for ultimate comfort.

- Flip Flops/Water Shoes:**

Perfect for the beach and water sports activities.

- Casual Evening Wear:**

While many beach resorts are casual, bring a nice outfit for evening dinners or sunset drinks.

- Hat & Sunglasses:**

A wide-brimmed hat to protect your face and sunglasses to shield your eyes from the sun.

- Light Jacket or Sweater:**

Even on a tropical beach, evenings can sometimes get cool, so a light jacket or sweater is recommended.

## Beach Essentials

- **Sunscreen:**

Don't forget a high SPF sunscreen, especially for beach days, to protect your skin from harmful UV rays.

- **Beach Towel or Sarong:**

A large towel for lounging or a sarong for covering up when you're not in the water.

- **Snorkel Gear (Optional):**

If you plan on exploring marine life, you might want to bring your own snorkel gear or check with your accommodation to see if it's provided.

- **Beach Bag:**

A spacious, water-resistant bag to carry your towel, sunscreen, snacks, and personal items.

- **Waterproof Phone Case:**

Keep your phone safe from water, sand, and splashes with a waterproof case.

- **Reusable Water Bottle:**

Stay hydrated in the sun, and avoid using plastic bottles by bringing a refillable one.

## Health & Wellness

- **Insect Repellent:**

Essential if you plan to explore the beaches during the evening or visit tropical areas where mosquitoes are common.

- **After-Sun Lotion:**

Aloe vera gel or other soothing after-sun lotions will help keep your skin hydrated and cool after a day in the sun.

- **Personal Hygiene Items:**

Toothbrush, toothpaste, and any toiletries you may need. Consider eco-friendly options where possible.

- **Medication & First-Aid Kit:**

Include any prescribed medications, motion sickness tablets (for boat trips), pain relievers, and plasters.

Capture stunning sunsets, beach scenes, and memories with your camera or smartphone.

- **Power Bank:**

For those long days on the beach or boat trips, a portable power bank ensures your devices stay charged.

- **Kindle/Book/Journal:**

Whether it's a good beach read or a travel journal, it's great to have something to unwind with by the sea.

## Optional Extras

- **Water Sports Gear:**

Many beach destinations offer water sports like paddleboarding, kayaking, or diving. Check if your accommodation offers equipment, or bring your own if you plan to try something specific.

- **Camera Gear:**

If you're into underwater photography, consider a waterproof camera or GoPro for some amazing shots.

- **Beach Toys:**

Bring along a Frisbee, beach ball, or other games to keep entertained on the sand.

- **Local Currency:**

Cash is handy for buying souvenirs from local beach markets or tipping staff.

## Final Tips:

- **Don't Overpack:**

Beach holidays are about relaxation. Keep your luggage light and only bring what you need.

- **Pack Light, Breathable Fabrics:**

The heat and humidity at the coast can be intense, so avoid heavy or tight clothing.

- **Stay Hydrated & Protected:**

Drink plenty of water and use sunscreen regularly to keep your skin safe from the sun.
